

CRADLEY MATHON AND STORRIDGE SUPPORT GROUP

This group of local volunteers was created to support those in need of help during the coronavirus pandemic. As the situation improves, the rules about are changing frequently and there are also hints that the Government will soon be relaxing the Shielding Rules.

WE ARE STILL HERE. PLEASE STILL USE US.

There will be some people who will be happier shielding for some time yet, whatever the Government advises. There will be people self-isolating because they have Covid-19 symptoms or are contacts of Covid-19 cases. There will be people in quarantine after travel. There will be some people who are not in the extremely clinically vulnerable groups but who still feel vulnerable and want to reduce their risk. For **all** these people, the fantastic volunteers are still happy to help you. We never ask why you need our services. Please use us to protect yourselves, your family and our community.

1. Food and supplies
